Listed products comply with the following legislation to the full extent of the law:

- ISO 6185-1: 2001 - International standard describing the minimum safety characteristics required for design, materials, manufacture and testing of inflatable boats including TYPE III, inflatable kayaks.
- REACH (EC) 1907/2006 - Regulation concerning the registration, evaluation, authorization and restriction of chemicals and substances contained in products distributed in the European Union.
- ABYC H-29: 2007/ 2012. Standard for determining capacities, flotation, design, construction and labeling of inflatable canoes and kayaks.
- US CFR 33. United States federal regulations concerning the manufacture, labeling and distribution of all vessels.
- CA PROP 65. Standard issued by the State of California which specifies and mandates specific labeling for the State's consumers.

NOTE: The product(s) described above are considered kayaks, and are therefore excluded from the Recreational Craft Directive 94/25/EC. Amended by 2004/44/EC as per Article I, point 2a, (ii) provided that they are not fitted with a propulsion engine, or with sails.
